Dynegy and Energy Alliances, Inc. Donate \$15,000 for Norwood Police Safety Vests

At the September 13<sup>th</sup> Norwood City Council Meeting, Dynegy and Energy Alliances, Inc. presented the Norwood Police Association with a check for \$15,000 to purchase 18 safety vests for Norwood police officers. According to Police Chief William Kramer, the vests have a 3-year lifespan and their existing vest had just recently expired. The new vests are already in use and are a lighter-weight version offering officers the protection they need.

Sydney Faxon Trout of Energy Alliances, along with Rich Surace of Dynegy presented the gift.

"My father never thought of this as just another job, but a relationship, where we put the best interests of the community first." "We are proud to sponsor events, year in and year out - particularly the fireworks - and this donation tonight is just another extension of our strong partnership with the city." Trout said.
